- Aluminum Insert for Extra Strength
- Form Chisel for Better Brush Out and Cutting In
- Bent Trimming For Better Cutting In
- Tapered Shaping For Better Control When Trimming
- Tapered Keepers For Better holding The Shape of the Brush

ANATOMY OF AN ROLLER

Professionally Designed, Quality Materials.
It's what makes ArroWorthy Rollers
Second to None.

Choose the Best Synthetic Roller Cover

- Reinforced Polypropylene Core.
- Bevel trimming eliminates paint dumping.
- Excellent Paint Pick up & Release.
- For Smooth to Rough Surfaces.
- Interior & Exterior Applications.
- Shed Resistant Fibers.

ArroWorthy Pro-Line of paint roller covers are a premium line of synthetic covers that are ideal for delivering excellent results when painting wall, floors, doors, trim or ceilings. Our Pro-Line of roller covers employ exclusive technology which enable them to pick up and hold more coatings to the surface than traditional roller covers. Engineered to be used for interior or exterior applications, and for today's latex or oil based formulations.

ArroWorthy has been in business since 1962. Although a more diverse and larger company than it once was, the company's emphasis is still placed on three important principles. The very same principles on which the company was founded:

- 1. Always use the very best materials to manufacture a quality product**
- 2. Price competitively**
- 3. Provide good service and stand behind the products**

In its early years, the company manufactured the very best handmade lambskin roller covers. As the company continued to grow, it expanded into synthetic roller covers spiral wound on various cores phenolic, plastic & closed cores system.

Today, ArroWorthy is one of a select group of companies able to manufacture synthetic roller covers on a polypropylene core, which are 100% solvent resistant. Polypropylene is proven to be a more solvent resistant resin than phenolic & PVC.

We at ArroWorthy were the first to develop new lines of professional brushes featuring a new class of filament/technology such as "NYLYN" designed and proven to apply Today's Paints & Stains better.

- **Finultra - Nylyn/Polyester blend**
- **Rembrandt - Nylyn/Polyester blend**
- **Red Frost - HGPolyester/Nylon blend**
- **Patriot - Nylyn/Polyester blend**
- **Pro Tradesman - Nylyn/Polyester blend**

We at ArroWorthy were also the first to introduce the Microfiber roller products in the North American market. The ArroWorthy Microfiber roller cover has been embraced by the professional contractor as the everyday synthetic roller cover to use for applying Today's Paints & Stains. ArroWorthy is the only company producing Microfiber roller covers in over 75 SKU's and 5 different nap heights.

Using new equipment and special finishing techniques, ArroWorthy has crafted a full line of superior painting tools with which to apply Today's Coatings.

Our company has now expanded with 5 U.S. manufacturing facilities with over 1 million square feet of warehouse storage that gives us the flexibility to ship nation-wide and internationally in a prompt, efficient manner. This is coupled with an organization of sales persons who provide excellent service and programs customized to fit the individual store's needs.

We want to thank our existing customers for all their support over the years. For those of you that are new customers, we would like to welcome you into the ArroWorthy family. We hope you will be satisfied and continue to grow with us for many years to come.

Please visit our new web site at www.arroworthy.com for updated information on new product launches and upcoming shows.

Area Preparation

Anti-Clogging No Load

- Durable, sharp, longer lasting P-Graded Aluminum Oxide
- Unique open-coat technology prevents clogging
- Resin bonded to flexible high quality c-wt paper for superior workability
- Available in sheets and discs in a wide variety of grits

Aluminum Oxide

- High Quality Aluminum Oxide
- Constructed with resin bond on c-wt paper for longevity
- Ideal for wood, plastic, metal and fiberglass
- Available in sheets and belts in a wide variety of grits

Drywall Screens & Sheets

- Excellent results when sanding drywall joints and patching compound.
- Coated with sharp silicon carbide abrasive and are water resistant, rinsable and reusable
- Sheets available in 5 and 25 packs
- Screens available in 2 and 25 packs
- Designed for manual and machine use

Sponges

- Premium Quality P-Graded Aluminum Oxide
- 4 Sided Finish
- For flat or curved surfaces
- Open cell foam for lasting and consistent performance
- 2 grits on 4 sides
- Recommended for Wet or Dry Sanding

Glossdel Plus Roller Covers

Glossdel Plus

- An exceptional quality non-shedding, woven lintless synthetic fabric engineered for interior or exterior applications. It was developed to pick-up, hold and release more of today's paints & stainers in a faster and more efficient manner. Ideal for high gloss, semi-gloss, and eggshell finishes and Urethanes. Good for all alkrd/oil paints. Solvent resistant core (SRC).

ROLLER COVERS PROFESSIONAL

Polyamide Roller Covers

PolyMicro

• A High-Capacity Polyamide Cover Perfect for Textured Interior or Exterior Surfaces. The ArroWorthy PolyMicro Roller Cover is an exceptional addition to the applicators of both professional and do-it-yourself painters because it excels on a variety of rough and textured surfaces where conventional covers can struggle. The unique blend of high-capacity polyamide and microfiber creates a rugged material that holds and releases more paint for faster and more efficient finishing.

PolyMicro 4 Pack

ROLLER COVERS PROFESSIONAL

Lamdel Weave Roller Covers

• The Lamdel Weave fiber is made using an exclusive NYLYN™ polyester technology that enables the material to pick up, hold and deliver more coating to the surface than traditional roller covers. Engineered to be used for interior or exterior applications, and for today's latex or oil formulations. Solvent resistant core (SRC).

Jumbo Cage Mini Rollers

A complete program of Jumbo Cage mini roller covers, in a range of styles from Microfiber, Polyamide, Glossdel Plus, Landel Weave, Mohair Velour, Flock Foam, and Contour Foam and naps ranging from 1/4" to 3/4", for every application.

Proprietary Collar Design
Firmly Holds Covers
Fits 4" & 6 1/2" sizes

Barracuda Roller Frames

A professional roller frame manufactured to deliver the ultimate results. The mini frames feature a non slip ergonomic grip. Well balanced, lightweight and durable with a 5/16" heavy duty chrome shank, available in 7", 9", 14" and adjustable 12-18".

Patriot Brushes

This Semi-Oval professional brush of the ArroWorthy line utilizing the best-in-class handcrafted construction with advanced NYLYN™ technology that allows for exceptional paint pick-up, hold and release.

Pro Tradesman Brushes

This Extra Thin Semi-Oval production brush paired with a rattail handle allows for world class painting utilizing its unique head design and balance handle.

Glossdel Plus Roller Covers

ArroWorthy Pro-Line Glossdel Plus Paint Roller Covers are exceptional quality lintless roller covers engineered for painting walls, floors, doors, trim or ceilings. The Glossdel Plus series is perfect for interior or exterior applications and was developed to pick up, hold and release more of today's paints & stains in a faster and more efficient manner.
